Established in 1997, Offis Pty Ltd is a 100% Australian owned company that has a proven reputation for successful cloud solution delivery to 100's of clients.

Offis are partners with leading Cloud service providers including: Amazon Web Services (AWS), Google Cloud Platform (GCP) and Microsoft Azure, and world leading communications provider RingCentral - powered by Zoom.

Offis's **SMART Move** solution is unique as it uses scripting to accelerate moving into the cloud from days to hours. Changes can be made instantly, across the entire environment, saving time & money.

## Secure – Migrate – Automate – Refresh - Transform

### Secure

Provides you the flexibility to scale services and mitigate cloud compliance, ensuring a secure cloud platform.

### Migrate

Uses a unique scripting process to accelerate your cloud migration from what would take days, to just hours.

### Automate

Uses code rather than "as a Service", automating repeatable processes, freeing up valuable time.

### Refresh

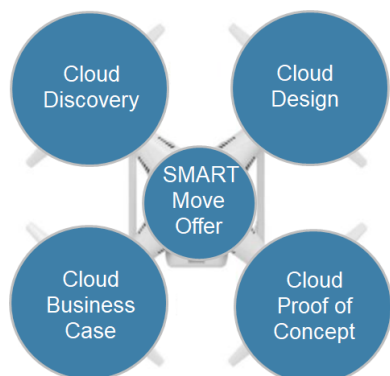

Rather than simply modernise, Offis refreshes your entire cloud environment on a new, future-proofed platform.

### Transform

Following our Cloud Maturity Model, Offis assists your business along the path to full digital transformation.
